

Rodney Peadon

Rod Peadon is currently the Manager of the iSimCentre (interprofessional Simulation Centre) located at Coffs Harbour on the Mid North Coast of NSW. Rod has extensive experience as a health care educator and has been involved with simulation as a tool for education for most of his career. Rod is a registered nurse with acute care, emergency and critical care experience. He has 10 years' experience as a nursing officer in the Australia Regular Army and was deployed to the Rwandan Emergency in 1994. Rod has experience in nursing in variety of rural settings including nurse management, clinical nurse consultancy and as a whole of health learning and development consultant and service manager. His achievements include the development of the Emergency Nursing Guidelines for NSW with his fellow CNC for Critical Care, the introduction of eLearning as an education tool to NSW Health and now the development of the iSimCentre and championing of Simulation as a training methodology within the Mid North Coast NSW. Rod has completed The Institute of Medical Simulation (Harvard) Instructor Training: Simulation as a teaching tool as well as the Advanced Debriefing Course. In addition Rod has also completed the Winter Institute for Simulation Education and Research (WISER)—Pittsburgh iSIM (Improving Simulation Instruction Methods).
