

Donna Fahie

Donna Fahie is currently the Manager, Specialist Training Program for the Australian and New Zealand College of Anaesthetists. Within this program, for the past three years, Donna has worked to address the maldistribution of and lack of access to specialists across regional, rural and remote Australia by increasing the capacity of the health sector to train anaesthetists, pain medicine and intensive care medicine specialists across Australia. Prior to this position, Donna worked for the Royal Flying Doctor Service (Western Operations), where she managed the Rural Women's GP Program and developed a passion for improving the quality of life of people living in rural, regional and remote areas. Donna has over 16 years work experience in the health and community care sector including the role of State Manager for the National Stroke Foundation responsible for managing service delivery across WA. She has also held a number of high level committee positions focused on stroke, rural and women's health. Donna holds a Bachelors degree in Human Services and has completed postgraduate studies in Health Services Management.
