

Evan Stanyer

Evan Stanyer is employed as a Project Officer with the Collaborative Health Education and Research Centre, CHERC, Bendigo Health. Evan has extensive experience in mental health and aged care and has worked in a wide variety of roles in this area over the last 30 years. Over the last 5 years Evan has expanded the role of, initially a Cognition Consultant, then Project Officer to support both Bendigo Health and the smaller health services across the Loddon Mallee region in improved detection and management of older people suffering from dementia, delirium and or depression.
