#LOVERURAL PHOTO AND POETRY COMPETITION

Announcing the 2022 Friends Photo and Poetry Competition to celebrate life in rural and remote Australia.

Through photographs and poetry this competition aims to showcase the beauty of rural and remote Australia, and celebrate the strength and character of our vibrant rural communities.

We are seeking entries focusing on the #loverural theme. Images and words that portray such things as everyday life in the bush, personal experiences with drought, flood or bushfires, providing health services, parenting children, caring for others, farming, relationships, education or perhaps how you coped with isolation and social distancing during the COVID-19 pandemic.
